FACULTY POSITIONS: FALL 2010

Adelphi University’s Ruth S. Ammon School of Education is pursuing an exciting agenda of growth and community outreach. Seeking dynamic educators committed to serving diverse populations in the metropolitan area. Each position requires an earned doctorate in the teaching discipline or a related field; an active scholarly agenda; service to the Ruth S. Ammon School of Education and the University; and a strong commitment to teaching, advising, and mentoring graduate and undergraduate students.

DEPARTMENT OF CURRICULUM & INSTRUCTION

RUTH S. AMMON ENDOWED CHAIR IN MATHEMATICS CHILDHOOD EDUCATION TENURE TRACK ASSOCIATE OR FULL PROFESSOR

Applicants must be leaders in mathematics education with a record of substantial scholarship in the preparation of elementary/childhood teachers for effective mathematics instruction; earned doctorate; evidence of engagement with schools, school reform, and university based partnerships. Preference will be given to candidates who have demonstrated commitment to improving mathematical education of elementary teacher candidates. A key role for the individual is to build capacity of the programs and department (including support for professional development), coordination of guest colloquia, and initiating applied research in schools. Preference will be given to candidates who have a demonstrated commitment to urban education. The successful candidate is expected to sustain scholarship in his/her field, provide leadership in curriculum development, provide mentoring for faculty, and to participate in program, department, and university activities and initiatives. Teaching responsibilities include both graduate and undergraduate courses scholarship.

EDUCATIONAL TECHNOLOGY TENURE TRACK ASSISTANT PROFESSOR

 Requires earned doctorate in Educational Technology or related field; experience teaching undergraduate and graduate courses in a school of education in instructional technology; evidence of ability to work collaboratively both within and outside the university; an active research agenda in educational technology; and experience in pursuing innovative approaches to instructional delivery, including creative and effective use of technology in instruction. Experience in educational leadership and administration is preferred. Evidence of work with special needs students and culturally diverse populations is desirable. Responsibilities include curriculum development, advising students, working collaboratively with faculty colleagues, and service to the Ruth S. Ammon School of Education and the University.

SPECIAL EDUCATION TENURE TRACK ASSISTANT PROFESSOR

 Requires earned doctorate in Special Education with evidence of leadership in research and scholarship; comprehensive knowledge of educational and related issues that affect individuals with disabilities; evidence of ability to work collaboratively within and outside the university; certification in adolescent special education preferred; and three years of successful teaching experience. Evidence of work with culturally diverse populations is desirable. Responsibilities include conducting research of theoretical and practical significance, teaching undergraduate and graduate courses, advising students, and service to the School of Education and University.
